We will be releasing the program for the National Matches on April 1st. I do have the schedule available. Shooters that register for the Air Pistol Championship will fire on both the 17th and 18th. Scores from the individual championship are also used for the team competition (not fired separately).

Yes, shooters fire the 60 shots on both days.

EIC points will be awarded based on the two-day (2 x 60 shots) aggregate.
