Classification: The NRA classification system for Precision Pistol competitions will be used for the NRA Revolver 1800, including Rule 19.6 (assigned classifications for shooters with classifications in related NRA pistol events). Individuals who have not been classified will fire in the Master Class. Competitors must provide proof of classification upon request.

NRA Divisions/.22-Only Competitors: Competitors may elect to shoot in any division (Open or Metallic). To shoot in the Metallic Division the competitor must notify the Match Director prior to the commencement of the NRA 2700. Any competitor who does not otherwise so notify the Match Director of such election shall compete in the Open division. Scores fired in all divisions will be combined for awards purposes. Competitors may elect to shoot only .22 caliber revolvers during the entire NRA 1800 by so notifying the Match Director prior to the commencement of the NRA 1800.

NRA Awards: Awards will be given to the open winners in each of the 11 matches. A first place award will be given in each class and category for each match provided that there are at least 5 competitors in the class and category. A second place award will be given if there are at least 10 competitors in the class and category, and a third place award will be given if there are at least 15 competitors in the class and category. Competitors who elect to shoot only .22 caliber guns during the entire NRA Revolver 1800, as provided above, will be in an awards category separate from all other competitors, will not be eligible for open, class, or category awards, and will not be eligible for any awards unless at least 5 competitors shoot .22 only. Awards will be forwarded to winners by check, cash, or NRA award points.

CMP Awards: Gold, Silver, and Bronze Achievement Pins will be presented to competitors (Distinguished or Non-Distinguished), in the CMP .22 Service Pistol EIC Matches, that equal or exceed Achievement Award Scores. The cut-scores for the gold, silver, and bronze achievement pin are as follows:

.22 Rimfire Pistol: 271, 256, 241 Service Pistol: 270, 255, 240

Points – Points are given to any non-distinguished shooters who place in the top ten percent of non-distinguished shooters, provided that the score fired by the competitor equals or exceeds the EIC Minimum Credit Score (Rule, 9.2.7). Calculations are based on rule 9.2.6. Points are issued by the CMP.

Minimum EIC Scores – To receive EIC credit points, the score fired by the competitor must fulfill the requirements of Rule 9.2.6 (top 10%) and equal or exceed the EIC Minimum Credit Score (MCS) for that

discipline (see CMP Rule 9.2.7). The MCS score is:

Service Pistol. 250 .22 Rimfire Pistol. 260

Challenges: A challenge fee of \$1 must be posted for any challenge, and will be returned to the shooter if the challenge is successful. Challenges will be judged by a 3-person jury.

Squadding: All matches will be squadded. Squadding information will be issued from the Statistical Office, located on the firing line, and will be available one hour before starting time.

Match Conditions: Scoring will be done down range. Competitors will pass scorecards right and score the target on their left; a range officer will score the high target. Competitors will be responsible for repairing their own targets. Scorers and competitors must sign each scorecard in order to receive credit for the match. Range personnel will assist in every way possible to avoid delays. Competitors may use NRA approved overlays to assist in scoring targets. To keep the tournament moving along smoothly overlays that magnify the target may not be used by competitors. Only Range Officers may use NRA approved scoring plugs. If a shooter disagrees with the point value of a shot a Range Officer can be requested to plug it. Once a plug is placed in a target it may not be removed until the score is resolved. Challenged targets will be removed from the target frame by a range officer and taken to the Chief Range Officer for scoring. Competitors must provide their own staples and staple guns.

Club Regulations & Safety: Violations of NRA and CMP pistol rules, or club regulations, or good safety practices, will result in the competitor's removal from the range and forfeiture of fees. Signing of a club hold harmless agreement and a CMP Eligibility Affidavit and Liability Agreement is required of all competitors. Eye and ear protection must be supplied and worn by each shooter. The Anne Arundel Fish and Game clubhouse provides sanitary facilities and a soda/water machine.
