## NATIONAL RECORDS

Joe Carapellotti, a co-holder of the 22-caliber slow fire Open and Civilian records with a perfect 200, did it again! This time was really convincing. He fired Match 1 with a clean 200. In Match 2, the National Short Course, he fired ten more tens. After completing the timed and rapid fire matches, with a Match 5 of 895-33 (only two points shy of the National Record), he then resumed firing Match 1 to extend his string. Fifteen more tens before leaking out a 9 at 5 o'clock. This adds up to either 35 or 45 consecutive tens, depending on whether you include the slow fire shots of Match 2. We predict that this record will stand for at least a few weeks!

This is the ninth national record that has been broken or tied in our DSPC registered 2700 matches during the past six years.
